

Accent Credit Union recognizes the growing concern around the COVID-19 virus and the unease many are facing. Our main priorities are keeping our members, employees and their families safe while maintaining our service to you.

In the face of this crisis, we are changing how we serve our members. **Effective March 20th at 4:30pm, Accent Credit Union will temporarily close our doors to the public.**

We understand your concerns and will continue to provide access to necessary banking services. **Although our doors will not be open to the public, we will have staff available during regular business hours to answer your calls and process transactions.**

We have a full line of electronic services in order to serve you:

Online Banking – Our online banking platform. You can check your balance, transfer funds, deposit cheques, pay bills and more. If you are not set up, please call your branch today.

Mobile App – You can download our mobile app by searching “Accent Credit Union” in the app store. The app offers the same convenient services as online banking right from your phone.

Direct Deposit – Have that regular cheque you receive automatically deposited for you. Give your branch a call to find out how.

Electronic Lending – We are able to process your loans using electronic signature. Call your lender for more information.

ATM – We have 24 hour full-service ATMs at our Quill Lake and Kelvington branches. You can also withdraw and deposit at any Saskatchewan Credit Union ATM.

Night Deposit – We have a night deposit at all of our branch locations available 24 hours a day. Staff will be continually checking this and processing transactions throughout the day.

We will be working with our personal, farm and business members on a case-by-case basis to help our members manage through this challenging time.

Please **call your local branch or our toll free number 1-844-383-4155** and we will work with you to meet your financial needs. We anticipate increased call volumes, so please be patient. **Rest assured our staff will be here to help you.**

We are doing our best to navigate these uncertain times as the progress of the virus continues, and the impact is made known. We thank you for your support in keeping the health and safety of our members and employees the priority.

Guy Martin, CEO
